Because We're Friends!

Kotobuki Maimu

Miki's being stubborn.

Hey Miki, are you feeling OK?
I'm feeling fine, but...
Today my spirits are in the gutter, so I'm taking the day off.
どよーん
Uwaa, some kind of negative aura appeared.
How trouble-some.
ドドドド
Stop acting like a spoiled child!
If you don't come out, I'm going to get mad.

Miki thinks it would be nice if you would leave her alone.
You're already mad, so I'm not coming out.
Why you...
Now that it's come to this,
Let's use the "Cave of the Sun Goddess" plan.
Cave of the Sun Goddess...?
What's that?

Ah, I've heard that story before.
Something like she hid behind a boulder...
That's it.
Visualized plan
The Sun Goddess, Amaterasu, hid herself in the Cave of the Sun Goddess. The Earth then became pitch black.
Then, the other Gods had a big party and managed to lure out the Sun Goddess.
To put it simply, it's like that.
So if everyone gives off the feeling of having fun,
Miki-Miki will come out!

Hey, Miki, it's that song you like, relations.
It's making you want to sing, right?
There's some newly released snacks here too.
Tasty!
We've got cod roe onigiri also.
はぐはぐ
Uwaa~ It's sooo gooood.
And it's so big too...
This onigiri has to be at least 3 cups of rice worth.

I've got a Hanamaru Kaiser rare card. Should I give it to Miki-Miki?
I'll let you borrow my new game, MajiMon, too.
What good is it if you get into it!

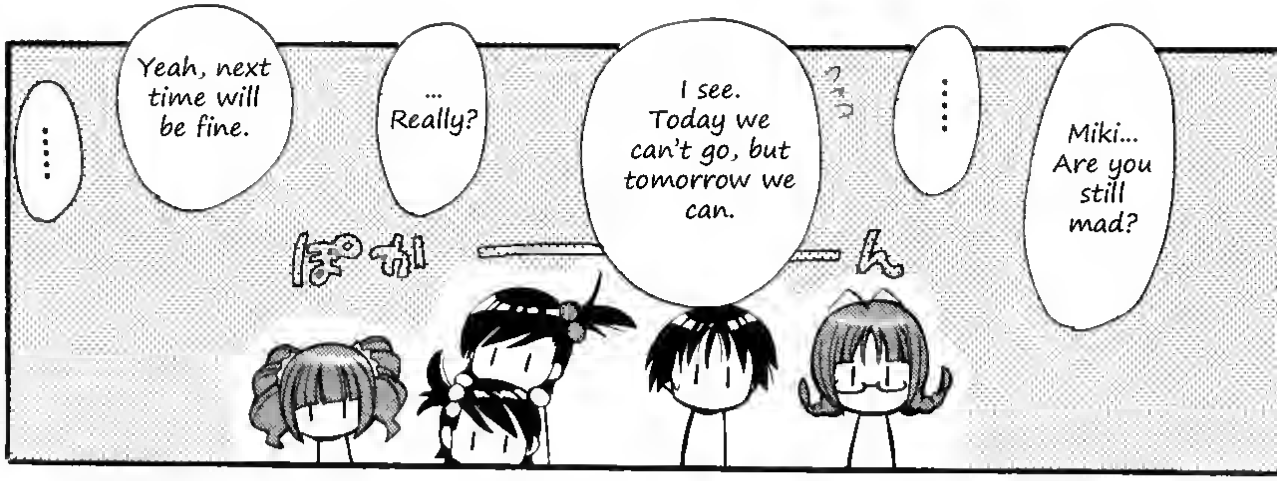
See, it's so fun.
IM AS
……

Huh?
Enough already.
You all aren't at fault.
That's why, enough already.
This is Producer-san's fault.
Miki was betrayed by Producer-san.

She was fired...?
Don't tell me...
Betrayed you say...?
ガチャ
Producer, please explain yourself.
Ah, well this is a problem.
WHAT!
Suddenly, we got called in for some work...
Well... The truth is that today I promised we would go out for lunch, but



Miki... Are you still mad?
I see. Today we can't go, but tomorrow we can.
...Really?
Yeah, next time will be fine.

カチャリ

Ah! She came out!
Okay, I'll try believing in Producer-san once more.
MIKI

Waah, please spare me, nano~
Jeez, you had everyone worrying about you.

バタ バタ バタ
If we leave now we can still make it to the rehearsal. Let's go.

In the end, the only one who could open the Cave of the Sun Goddess was the Producer.
Ah, what a waste of time that was
